5750 Explorer Drive, Suite 200, (2nd Floor)  
Mississauga ON L4W 0A9

Dear Recruiter for Tata Consultancy Services Canada Inc

I am excited for the possibility of bringing my talents to Tata Consultancy Services Canada Inc in the position of Software Engineer as advertised on [partnership4employment.ca](http://partnership4employment.ca). I am impressed by the IT services, solutions that Tata Consultancy Services Canada delivers. With my excellent academic background, solid experience of C++ programming, sound understanding of data structures and algorithms, exposure to OOP/OOD, and excellent learning abilities, I am confident that I can make solid contributions to this organization.

During my study at University of Waterloo, I achieved 3.90 out of 4.00 GPA. On top of that, I am proficient in programming in C++ for software development, utilizing DBMS (Oracle 11g, IBM DB2) for data management and applying problem solving and communicating skills to solve complex problems. With strong programming skills in C++, I have posted 10 projects on Github. One of the projects is the Game of Quadris, a C++ implementation of Tetris which employed Object-oriented software engineering techniques and graphical interface. What is more, I have nearly one year experience of using DBMS such as Oracle 11g and IBM DB2. One of the databases I have developed is the Digital Camera Purchasing System which I applied databases design techniques such as data modeling, entity relationship diagram, and SQL. In addition, I am an enthusiastic and quicklearner. In my spare time, I learned more computer science knowledge and took more computer science courses at University of Waterloo compared to other Geomatics students. With excellent ability to learn new technologies quickly, proficiency in programming, and a strong foundation of computer science, I am confident that I am one of the best candidates for this position in this organization.

I would appreciate the opportunity to further discuss my potential opportunity at Tata Consultancy Services Canada Inc. I have attached my resume detailing my outstanding academic and strong technical skills.

Thank you, your time and consideration is highly appreciated. I look forward to speaking with you about this exciting opportunity.

Kindest Regards,

Renchen Sun
